

# Technical Assistance to the Management and Implementation of the Austrian State Environmental Grant Scheme for the Remediation and Rehabilitation of Contaminated Sites

**Client:** Federal Ministry for Agriculture, Forestry,  
Environment and Water Management

**Duration:** 1993 – ongoing

**Location:** Austria

Kommunalkredit Public Consulting GmbH manages the federal support funds according to the Environmental Support Act and according to the 'law on the rehabilitation of contaminated sites' for the remediation and rehabilitation of contaminated sites.

KPC manages the entire programme from receiving the grant applications, appraising the grant applications (technical, economic and financial evaluation), concluding the grant contracts as well as fiduciary management (disbursing the grant funds, monitoring compliance with grant conditionalities).

Moreover, the activities include consultancy services for general program creation and development. KPC has carried out the management of the Federal Environmental Fund since 1993 based on an open-ended framework contract.

Support funding can be provided for projects in the following sub-sectors:

- Securing contaminated sites
- Rehabilitating contaminated sites
- Research projects in the above mentioned fields
